Hello, my name is Dmitriy and I'd like to comment a quote I stumbled on.,, Be the change that you wish to see in the world"- it says. In my opinion it means that the best and ^{the} most effective way to change your surroundings is ^{to} ~~by~~ firstly, change yourself. Because, first of all, there is nothing more reliable than you and second of all, ^{and none} how can someone perfect something with ~~out~~ and especially someone without being perfect oneself? ~~Noon~~ Nobody will even listen to him.

To support my opinion I wanna use "At the bottom"- a classic russian piece of literature that I may have translated wrong. It's a story about an old man who's stayed at a place where live people who lost everything they had. For some of them even the name includes. The old man wanted to help them. He was kind to everyone and was giving them hope even if it meant lying. He wanted to free them from the cage they had to live in. And the only reason he could even try ~~to~~ do so and they'd been listening was that he ~~was~~ the one he wanted them to become.

In the end I wanna say that I agree with the ~~90~~ quotation and that if everyone will start from themselves then there will be no need in going further.
