Intro: - I'm going to comment^{oh} the following quotation of Gr. Mahatma Gandhi.

PO: - Well, I like the way he thought and agree with his opinion. Cause if you don't like something — change it! However, people usually just need to change themselves.

Gr. Firstly, I think that our ~~thoughts~~ are material. It's the most ~~important~~ important reason to be a good person and have only good minds. ~~For example, you want to be a person for fun~~ For example, you're sitting at school and think about pizza for dinner. You arrive from school and your mother ~~saying~~ saying to you, that she ordered a pizza. But if someone insult you and you think about something bad happen with him... It can happen, and you won't be happy about it.

Gr. Secondly, if you are good person, you can't hurt our planet. It's the reason to live in peace with nature and with each other. You can just smile but maybe it will make someone's day better. You also need to care about people around you. Not only in material plan, but also with words. For an obvious example, you can say "I love you" to your parents and they can be happy all day only because of few words they heard from you.

In conclusion, I want to say that people always change, because our planet does it.

135

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend of increasing activity over time.

4. The fourth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the field of study and may lead to further research in this area.

5. The fifth part of the document concludes the study. It summarizes the key findings and provides a final statement on the importance of the research.
